

YOUR HEALTH COMES FIRST

INTERLAB

Clinical Laboratories

We are a Clinical Analysis and Microbiologic Laboratory with 16 years of trajectory, being a fundamental and integral part of SIMNSA. We have highly trained human capital and a wide range of studies, made with state of the art technology, high standards and high quality levels.

Our goal is to offer clinical support to your physician at all times, forming an Integral Diagnosis Service for disease prevention or its treatment. We have a wide variety of laboratory studies to offer you and your physician.

To Us

The well-being of you and your family are very important to us, which is why we offer you a service that brings together the quality guarantee in all our processes and a highly qualified human work team, under the guidelines of continuous improvement.

For your convenience, Interlab offers you:

- ✓ Wide and comfortable facilities
- ✓ State of the art technology
- ✓ Highly qualified personnel
- ✓ Results available online
